THE work of the K. C. Society is moving grandly forward, and from present indications, we have reasons to look for great results from this organization. Let us stand by the National Society of the Brethren Church, and with our united efforts, make it a great power for the dissemination of pure Gospel principles.

WE have on hand quite a number of articles for the K. C. Department of the EVANGELIST, all of which will be admitted as space allows.

WE will extend your subscription to the end of 1896, and send you by mail, pre-paid, one of J. D. McFaden's popular books, "Our Bible, Our Church and Our Country," all for the price of the book, \$2.50.

FOR the small sum of \$5.50 we will send you the EVANGELIST to the end of 1896, and the best bound Bible in the market, Catalogue price, \$11.00. The Bible contains the parallel New Testament, and is put up in the very finest binding.

A TRAINING school for domestic servants is to be established at once in Orange, New Jersey, by the Woman's Improvement Society. This is a much needed school, and it is to be hoped others will follow the example. We call this Christianity *applied*.

THE National Industrial Union, is the name of a new organization of women, formed about a year ago in Brooklyn. It bears a comprehensive name and its purposes as set forth are:

First, to give women an opportunity to support themselves by furnishing them with employment suited to their abilities.

Second, to counsel and encourage them to undertake business employment, with a view to financial independence.

Third, to elevate household service by making it an object for young women of intelligence, good sense, and refinement to enter homes as helpers in all its various branches.

THE Organization Committee earnestly requests the co-operation and support of all charitably inclined women's clubs that sustain the same principles as the National Industrial Union. Such movements as these are an evidence that the Gospel of Christ is getting more and more into the hearts of the people.

GET all the subscribers for the K. C. you possibly can. Single copies 25 cents; in clubs of ten or more 20 cents. The EVANGELIST and *King's Children*, one year, \$1.65 cash. J. O. Talley, is the Editor and manager of this paper. Send subscribers to him, or to this office.

THE following is an extract from an interview with Dr. Faunce, pastor of the Fifth Avenue Baptist Church, New York, who has been traveling in Germany:—I found a pastor in the Hartz Mountains who prepared for his Sunday's work as follows: He ate an early supper on Saturday night, consisting of sour milk and grated cheese, blood sausages, and black bread, and lastly, the stoutest kind of German cheese. He then lighted his huge pipe, filled with strong tobacco, and at nine o'clock in the evening, with a bottle of black beer under either arm, entered his study. By four o'clock on Sunday morning his sermon would be written and committed to memory, and he would then retire for two or three hours of sleep. This man preached good sermons, and could discuss ably any question relating to philosophy or science.

THE man with such a constitution as that should be powerful enough to move the moral world. With a proper care of the physical man, what might not such a one accomplish.

WHO does not know the value of a plentiful supply of pure water to a community? Infinitely of more value are the Sacred Scriptures, for they are the fountain at which the soul drinks, and is refreshed and strengthened for its career of usefulness.
